## SmartWasher BenchTopPro 110v

### ATTRIBUTES -

<b>Item Number</b>	1000872
<b>Legacy Number</b>	6370-BTPKT
<b>Product Description</b>	The cleaning power of bioremediation with a portable and storable design. The BenchtopPRO is a self-contained, water-based, bioremediating parts washer that uses no harmful solvents. The BenchtopPRO uses a water-based degreasing solution to clean parts, and naturally-occurring microorganisms break down and convert oil, grease, and varnish into water and CO2. The process of bioremediation makes the BenchtopPRO a self-cleaning system, and the degreasing solution can be used over and over again.
<b>Applications</b>	Small Engine Repairs. Household Equipment, Lawnmowers, Chainsaws, and Outdoor Equipment. Auto, Motorcycle, and Motorsports Maintenance and Repairs, Snowmobile Service, Bike Repair, Marine Maintenance.
